

Application Data Sheet

For assistance in selecting the right injector for your application, please contact one of our Applications Specialists with as much of the information below as possible. Our representatives are available M-F 7AM-4PM (Pacific) at 800-957-2383.

Project Information

Company: _____
Contact: _____
Phone: _____ Fax: _____ Email: _____
Project Name: _____
Project Location: _____

Chemical Information

Chemical Solution: _____
Concentration (%): _____ Feed Rate: _____
Carrier Water Used To Dilute? Yes No
Detail Drawing of Feed System Available? Yes No

Pump Information

Max. Output: _____ Max. Pressure: _____
Feed Line Size: _____ Feed Line Material: _____
Connection Type/Size to Injection Point: _____

Process Pipe Information

Main Diameter: _____ Main Material: _____
Max. psi: _____ Flow Rate: _____
Water Level in Main: _____
Does Water Level Vary: Yes No If Yes, Describe: _____
Main in Operation 24/7: Yes No If No, Describe: _____

Injection Point Information

Existing Tap: Yes Existing Tap Size: _____
No Will Main be Hot Tapped: Yes No
Tap Type: _____
Direct Tap Service Saddle Half Coupling Riser Flange
Other: _____
Tap Position: 12:00 3:00 Other: _____
